Measurements - The Misty Blues Lady's suit is designed specifically for women. Standard "unisex" suits don't take into account the differences that make a woman's shape so hard to fit. You'll notice that there are many more measurements on this form. It is important that you take all of them carefully. Also, this suit is designed to be very form fitting. Take these measurements while wearing regular skydiving clothes and shoes. If you measure with a heavy sweatshirt on, the suit will be big.
